

IT@UC Research & Development will be hosting the Ohio Supercomputer Center for:

Introduction to OSC Workshop

Session: Tuesday, Oct. 10 from 10 to 11:30 a.m., West Campus, Langsam 475

Topics: What is OSC? How can OSC help you get started? What hardware/software are available?

** No prerequisites required*

Delivery Method:

Slide presentation and hands-on demo.

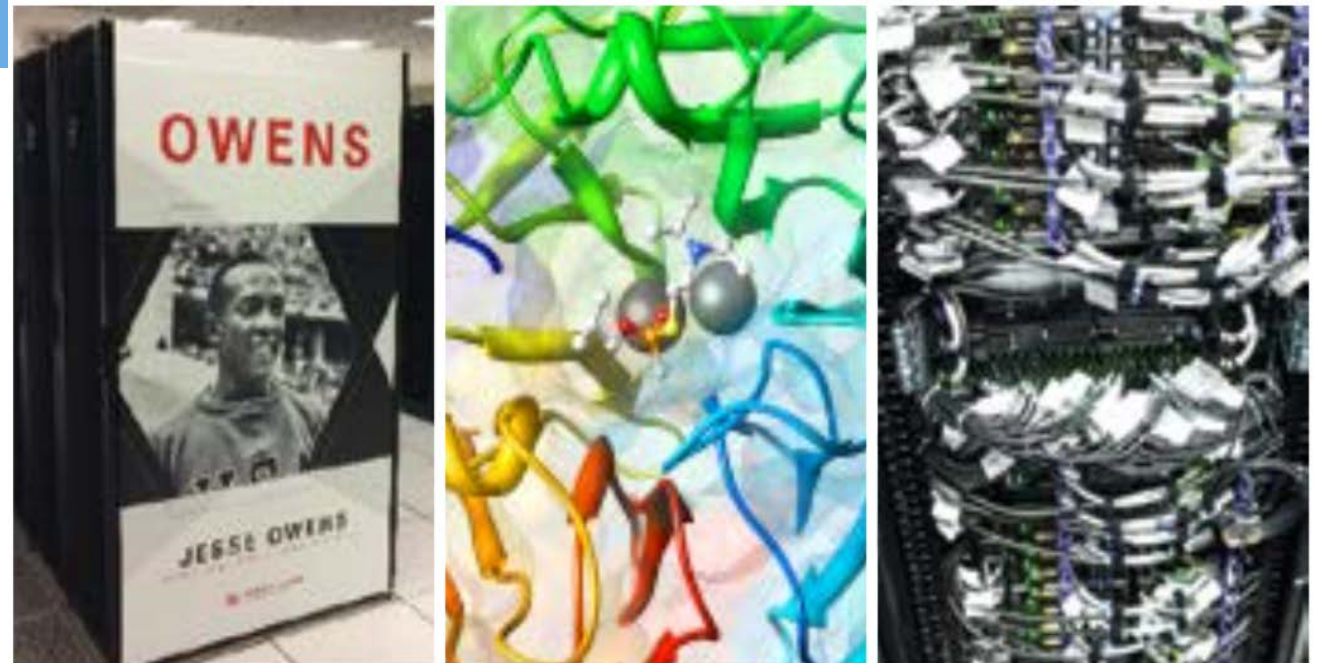

Who Should Attend:

New OSC clients or researchers interested in learning about OSC resources.

What You Will Need:

Participants who bring a laptop computer will be able to connect to the OSC clusters.

OSC workshop accounts will be provided.
